

Earth Fare's Pantry Makeover!

Not all margarine is created equal!

A margarine or buttery spread may claim zero trans fat on the nutrition label...
BUT partially hydrogenated oil on the ingredient list means it can still have almost
.5 grams of trans fat per serving!

Earth Balance Buttery Flavour Spread is made with certified NON-GMO ingredients
like natural vegetable oils, filtered water, pure salt and all natural flavors. Yup, that's
it. NO artificial ingredients, NO hydrogenated oils and no trans fat!

Save \$2.00 on a tub of Earth Balance Buttery
Flavour Spread with the below coupon!
